Professional Summary

Senior QA Automation Engineer / SDET with 9+ years of experience in UI, API, and ETL test automation, most recently at TransUnion. Proficient in Selenium, Playwright, Python/PyTest, REST Assured, SQL, and CI/CD (Jenkins, GitHub Actions), with delivery improving regression coverage by ~30% and release cycle time by ~20%. Currently completing an MEng (IoT) at Dublin City University, with a growing focus on AI-enabled automation. Open to relocation.

Work Experience

TransUnion | Chennai, India

Senior Software Development Engineer in Test | Oct 2019 – Aug 2025

- Designed and maintained automation frameworks across UI, API, and ETL testing, improving regression coverage by ~30%
- Integrated automated test suites into Jenkins CI/CD pipelines, reducing release cycle time by ~20%
- Performed API and database validation using REST Assured, Postman, and SQL, strengthening early-stage defect detection
- Built scalable, reusable automation framework components adopted across multiple enterprise products
- Applied AI/LLM tooling (GitHub Copilot, prompt engineering) to accelerate test case generation, test data preparation, and documentation
- Collaborated within Agile/Scrum teams to improve release quality and reduce post-release defects

Cognizant | Chennai, India

Associate | Sep 2015 – Oct 2019

- Developed and validated ETL workflows and data pipelines using Ab Initio and SQL, maintaining ~99% data integrity
- Supported data warehousing and migration projects, improving data accuracy by ~40%
- Performed backend validation, SQL testing, and system integration testing across enterprise applications
- Supported release cycles, defect tracking, and production validation activities

Technical Skills

Selenium, Playwright, Cypress, Appium, Python, PyTest, Java, REST Assured, Postman, API Testing, API Validation, Performance Testing, JMeter, Load Testing, SQL, ETL Testing, Data Validation, Ab Initio, Data Warehousing, pandas, CI/CD, Jenkins, Docker, GitHub Actions, Git, Jira, Xray, Shell Scripting, GitHub Copilot, Prompt Engineering, AI-assisted Testing, Agile, Scrum, BDD (Cucumber), Test Framework Design, Microservices Testing

Soft Skills

Analytical Thinking, Problem Solving, Stakeholder Communication, Cross-functional Collaboration, Adaptability, Continuous Learning, Attention to Detail, Ownership, Accountability, QA Leadership, Mentoring

Education

Master of Engineering, Electronic and Computer Engineering (IoT) | Sep 2025 – Aug 2026
Dublin City University (DCU), Dublin, Ireland

Bachelor of Engineering, Electrical and Electronics Engineering | Aug 2011 – Apr 2015
PSNA College of Engineering and Technology, Tamil Nadu, India

Certifications & Training

ISTQB® Foundation Level — ISTQB, 29 Dec 2024

AWS Certified Cloud Practitioner — Amazon Web Services, 01 Dec 2024 – 01 Dec 2027

Awards

Quarterly Performance Award, Q3 2024 — TransUnion, Oct 2024

Mentorship Excellence — TransUnion, Mar 2023

Projects

Python + PyTest Testing Portfolio — github.com/ganeshkumar-chelladurai-sdet/python-testing-portfolio
Self-built UI (Playwright), API (requests, JSON schema validation), and ETL (pandas) testing suite with dual CI/CD — GitHub Actions (cloud, full suite on every push) and a locally-run Jenkins pipeline built via Docker (API + ETL suites).
